

**Sending Unit rebuild service being offered.  
\$150 flat rate, plus actual parts cost and return shipping.**

I will de-rust your unit, coat all the internal pieces with POR15 tank liner, install LP or Fiero pump, replace/recondition connector pins and replace resistor can if needed.

Current prices on parts (3-12-2023)  
New electrical connection pins- \$25 (limited supply)  
Thread and recondition original pins- \$15  
Fiero HP in-tank pump- \$60  
LP pump- \$27  
Resistor can- \$55  
New shrink tubing- \$5  
New electrical straps- \$5 each  
Sock- \$10

Turn around time is generally 2 weeks. Subject to parts availability.
